## Education

---

### University of Ottawa / Bachelor of Fine Arts

SEP 1985 - JAN 1987, OTTAWA

A story:

From the usual Sat morning cartoon education to high school- where I was inspired by an art teacher who loved animation [a former Czech Animator who fled the Soviet invasion of 1968] He toured our class through Crawly-Atkinson Film-Arts in Ottawa - igniting my desire to work in the industry. After 3 years of study of Fine Arts at U of O, I jumped over to Hinton Animation Studios in 1987 to begin my many years '*learning-on-the-job*' degree in animation...and have never looked back!
